Project Skipper[®]

Teaching Kid's About Ice Safety

**See Ice,
Think Twice**

Hello..

I'm Skipper!

the mascot for

Project Skipper.

When I **see ice**,

I **think twice**.

I will not go onto the ice to get a sled, toy, or pet without first finding a responsible adult.

If my friend goes onto the ice, I will not follow him.

If my friend falls through, I will call 911 and stay calm until trained rescuers arrive.

If I go onto the ice I might fall through.

Skipper will teach you what to do if you fall into the icy water.

*Remember...the only safe ice is on a supervised ice rink.

So stay off the ice.

I always think

"My safety first."

Project Skipper began after the tragic drowning deaths of Kadin (7) and Kathy Baxmeyer (40) and Austin Baum (6) who on February 19th 2010 fell through thin ice in Illinois.
